

8.5 Good Reasons

to schedule your visit to SIAMS
from April 21st till April 24th, 2020, already now.

Reason No. 1

The trade fair of microtechnology. An exceptional event: the Swiss Jura region is the cradle of watchmaking, machine tools and an entire microsystem based on high quality and precision. With **SIAMS**, this region has an unparalleled promotional tool at its disposal.

Reason No. 2

The entire production chain will be on site. Machine tools and robots in action! Suitable accessories and peripherals! Customized tooling, accessories, and consumables! Targeted test, cleaning, and processing equipment! Specialized subcontractors... Discover the innovations of more than 450 exhibitors from the world of microtechnology.

Reason No. 3

Visit feasible in a single day! Located in Moutier, SIAMS is ideally located in the centre of European microtechnology, near the language divide of the country and less than two hours from most important Swiss towns (Geneva can be reached by train in a mere two hours).

Reason No. 4

People come here to find solutions and do business! SIAMS is packed with innovations that directly affect all aspects of commercial microtechnology. It is a trade fair for visitors to find the right contacts; in fact, it is not uncommon to see them arrive with concrete problems, drawings, or specific requirements... and see them solved here.

Reason No. 5

Convivial and pleasant ambiance! Far from any glitz and extraneous offers, the exhibitors are on site to provide visitors with specific information and help them find solutions.

Reason No. 6

A stimulating programme! We must all prepare for the future. At the get-together on Tuesday, April 21th, a panel of experts and representatives of the industry (from large European groups to specialized SMEs) will share their thoughts, actions, and experience regarding the industry of the future.

Reason No. 7

The best tool to monitor innovations and get information! Economic conditions do seem to improve. It is time to find more efficient solutions, supply its technological relaunch and get out of one's own company to meet new contacts and new suppliers. This trade fair offers the best and quickest focus of all these ingredients to prepare for the future.

Reason No. 8

Download your free ticket from February! A single click and it's free, too. We offer free admission to the fair so you can organize your visit already now. You will save time at the entrance to the fair to allow for a more effective visit. (Tickets acquired on site will have to be paid for.) www.siams.ch/tickets

Reason n°8.5

Moutier has never been so close to the rest of Switzerland! SIAMS is an event of national scope, and with the completion of the Transjuranne, the journey to reach the "capital of microtechnology" has become even shorter.
